POLITICS

7 Victoria's Infrastructure Reality

We catch up with Victoria Mayor Lisa Helps to discuss the keys infrastructure issues facing her community.

By Andrew Macklin

8 2018 Election Preview

With nine of Canada's 13 provinces and territories going to the polls in 2018, what will the election outcomes mean for transit development.

By Andrew Macklin

10 #GimmeRelief

Ensuring safety, and not politics, is a key factor in determining our priorities for infrastructure development.

By Andy Manahan

REGULATION

12 Cross-border Power

Several new transmission projects will allow clean energy to flow from Canada to the United States.

By Carroll McCormick

14 Diverting Nuclear Waste

Best practices in global nuclear energy markets can provide Canada with solutions for disposing of its nuclear waste.

By Jim Blankenhorn and Pierre Tremblay

POLICY

16 Failure Mitigation

Understanding why brownfield remediation measures could fail, and who should be responsible for the crisis it creates.

By Grant Walsom

20 Retrofit Roadmap

The Canada Green Building Council provides its recommendations on how to retrofit our existing building stock to cut emissions.

By Akua Schatz

22 Funding Clarity

A group of researchers at the University of Waterloo discuss the need to better communicate how the government funds infrastructure.

By Andrea Adams

PLANNING

24 Building for the Homeless

What a project in Toronto can teach the country about developing municipal strategies for affordable housing.

By Andrea Adams

26 Digital Master Planning

How municipalities can unlock the full potential of connected devices by developing a digital master plan.

By Canadian Urban Institute

RESOURCES

28 Tools for Success

The first two cohorts of FCM's Leadership in Asset Management Program provides guidance for municipalities across the country.

By Donna Chiarelli

TOP100 PROJECTS

30 The most significant developments impacting infrastructure megaprojects included on our 2018 Top100 Projects report.

DEPARTMENTS

4 Editor's Note

Andrew Macklin calls out political influence as we head to the ballot box in 2018.

5 Front

Clark Savolaine on why the Superlinx proposal is worth considering for regional transit development.

18 Panorama

The Arbour

31 People & Events

Appointments, announcements, company news, and event reports.

34 Closing Shot

Todd Latham on how competitions across Canada can drive the growth of our low carbon economy.
